

1st International CILS4EU User Conference

Dec. 1–2, 2016

CALL FOR PAPERS

The Children of Immigrants Longitudinal Survey in Four European Countries (CILS4EU) provides a unique data source to study integration processes among immigrant adolescents in England, Germany, the Netherlands and Sweden. Given the survey's broad scope, CILS4EU-data comprise a wide array of information on different aspects of the cognitive-cultural (e.g., language skills and usage), structural (e.g., educational and occupational success), social (e.g., friendship formation or partner choices) and emotional-cultural dimension of integration (e.g., religion or identity). So far, data from three waves are available to the scientific community at the GESIS Data Archive for the Social Sciences. With the data becoming more and more popular, we want to offer users the opportunity to present their current research based on CILS4EU-data (completed or ongoing), to share their experiences, and to get into contact with the international CILS4EU-team. Potential contributions are not restricted to integration-related work. We welcome any contribution that makes use of the CILS4EU data, be it on any substantive topic or with a methodological focus.

Location:

Mannheim Centre for European Social Research (MZES)
University of Mannheim
A5, 6
68159 Mannheim, Germany

Abstract submission:

Please submit your abstract (maximum 500 words) by Aug. 31, 2016 to cils4eu@mzes.uni-mannheim.de. All proposals will be peer-reviewed, and authors will receive a notification of acceptance by mid-September.

Additional information:

Our website www.cils4.eu is updated continuously to provide more information about the conference as well as about the CILS4EU-survey.

Contact:

If you have any questions, please contact the local organisation team Dr. Jörg Dollmann, Konstanze Jacob and Hanno Kruse via cils4eu@mzes.uni-mannheim.de
